Coding Profile: Leetcode, GFG  
Email: umesh7dixit@gmail.com  
Mobile: +91-9368823454

## EDUCATION

**Raj Kumar Goel Institute of Technology, AKTU**

*Bachelor of Technology in Computer Science*

**Sep. 2021 - May 2025**

*Ghaziabad, UP*

**GreenLand Academy, CBSE**

*Intermediate in Science*

**Apr 2018 - Mar 2020**

*Ghaziabad, UP*

## SKILLS

**Languages** : C++, Python, HTML, CSS, JavaScript, SQL  
**Developer Tools**: VS Code, Git/GitHub, MongoDB, MySQL  
**Technologies** : React.js, Next.js, Express, Tailwind CSS, Chakra UI  
**Coursework** : Data Structures and Algorithms, Database Management System, OOPS

## EXPERIENCE

**StartConnect-Hub (open-source contribution) —  GitHub**

- Build the Explore-Us page with image integration and component alignment.
- Utilized HTML, CSS, JavaScript, and React.js to build the responsive web page.

May 2024

**Review App (open-source contribution) —  GitHub**

- Developed a responsive About page for the review application.
- Applied JavaScript, Tailwind CSS, Next.js, and React.js components.

Oct 2023

## PROJECTS

**PeerPulse | Javascript, ChakraUI, React, Express, Socket.io —  GitHub**

- Built a social media platform for content sharing and chatting.
- Implemented real-time chat functionality using Socket.io
- Created an intuitive UI using ChakraUI for seamless user interaction

Feb 2024

**TaskEase | Next.js, Javascript, MongoDB —  GitHub**

- Designed a task management platform with features for task addition and completion tracking.
- Added a secure authentication system with login and signup functionality.
- Utilized a combination of Next.js, React.js, and MongoDB.

Aug 2023

**Crypto Exchange | Javascript, ChakraUI, React —  GitHub**

- Created a responsive application where we can choose cryptocurrency exchanges.
- Integrated cryptocurrency value tracking using crypto api.
- Designed an interactive UI using ChakraUI and React for optimal user experience.

Nov 2023

## CERTIFICATIONS & ACHIEVEMENTS

- Participated in GirlScript Summer of Code (GSSOC) —  May 2024
- Completed Front-End Developer Capstone Certification —  Apr 2023
- Earned GitHub Pull Shark and Quickdraw Badges from open-source contributions May 2024
- Consistently solved LeetCode Problem of the Day for 50+ days, with 250+ problems solved Ongoing

## ABOUT

Passionate B.Tech Computer Science student with expertise in C++, Python, and JavaScript. Experienced with full-stack development and interactive web applications built with ChakraUI, HTML5, CSS, React.js, Express.js, and MongoDB.
