EDUCATION

Raj Kumar Goel Institute of Technology, AKTU

Bachelor of Technology in Computer Science

Sep. 2021 - May 2025

Ghaziabad, UP

GreenLand Academy, CBSE

Intermediate in Science

Apr 2018 - Mar 2020

Ghaziabad, UP

SKILLS

Languages : C++, Python, HTML, CSS, JavaScript, SQL
Developer Tools: VS Code, GitHub, MongoDB
Technologies : React.js, Node.js, Express
Coursework : Data Structures , Algorithms, Object Oriented Programming, DBMS

EXPERIENCE

StartConnect-Hub (open-source contribution) —  GitHub

- Build the Explore-Us page with image integration and component alignment. May 2024
- Utilized HTML, CSS, JavaScript and React.js to build the responsive web page.

Review App (open-source contribution) —  GitHub

- Developed a user-friendly About page for the review application. Oct 2023
- Applied JavaScript, CSS and React.js.

PROJECTS

PeerPulse | Javascript, ChakraUI, React, Express, Socket.io —  GitHub  — live

- Created a platform for people to connect with friends and have real-time chat conversations. Jun 2024
- Implemented real-time chat with features to show users online presence using Socket.io.
- Added functionality for users to suggest other users, improving social connections on the platform.
- Designed an intuitive UI using ChakraUI for seamless user interaction.

ConvoAI | Javascript, React.js, Express , MongoDB —  GitHub  — live

- Developed a conversational AI web app with instant smart responses to any queries. Jan 2024
- Implemented functionality allowing users to copy and download responses in PDF format.
- Prioritized ease of use and visual appeal to create a smooth and engaging experience.
- Used React, Express and MongoDB to create a web application.

CERTIFICATIONS & ACHIEVEMENTS

- Contributed to open-source projects through GirlScript Summer of Code (GSSOC) —  May 2024
- Earned GitHub Pull Shark and Quickdraw Badges from open-source contributions. May 2024
- Earn Front-End Developer Capstone Certification, Helps me to understand Frontend and UI —  Apr 2023
- Consistently solved LeetCode Problem of the Day for 50+ days with 300+ problems solved. Ongoing

ABOUT

B.Tech Computer Science student with experience in C++, Python and JavaScript. I have experience with full-stack development and interactive web applications using HTML, CSS, React.js, Express and MongoDB and I have also contributed to open-source projects.
